Bereavement Training: Adult Death

Live, virtual training

September 6-7, 2022

We are grateful for the opportunity to share the RTS Bereavement program with you. This 2-day course focuses on caring for patients and families experiencing adult death (e.g., long-term illness, complex medical conditions, trauma, deaths that carry stigma).

- Acquire the skills needed to provide gold standard bereavement care.
- Learn evidence-based bereavement best practices.
- Reduce healthcare disparities while supporting diverse grieving populations.
- Learn strategies to care for yourself and support your colleagues.

Training focus: Adult death: serious illness, complex medical conditions, trauma, suicide, drug abuse, and more

Who should attend? This training is designed for professionals who routinely interact with, provide care for, and support patients and families experiencing adult death.

Cost of the Training: \$400

Contact Hours provided: 12.75

In order to attend: Please follow this 2 step registration process.

Step 1: Please follow the event [NYU CLOUD CME link](#) to register.

Step 2: Please follow the second link in the [Resolve Through Sharing brochure](#) to register for Course Materials and pre-course education modules.
